

June/July 2003

Dear Prevention Partners Coordinator:

Screening Notes

While we welcome any State Health Plan subscriber to participate in our Regional Screenings, we would like to point out that if your worksite has more than 20-25 people attending a Regional Screening, then please consider holding a screening for those people right at your very own worksite. Why go to a regional screening when we can come to you! Anyone can volunteer to be a screening coordinator. And coordinating a screening is now easier than ever. Plus, you'll be providing a great service to your co-workers.
